Who we are:

TOTAL CONFUSION LLC is New England's largest game convention. For over twenty years, each February, Total Confusion LLC has brought gamers from our area together for four days of fun filled multi-genre gaming and other hobby related events. We are the place where gamers meet to play but for sponsors, it is a place to showcase your company and products to hundreds of dedicated game enthusiasts.

What we can do for you:

Total Confusion LLC offers sponsors the opportunity to maximize advertising dollars by allowing you to directly promote your company and products to a specific target audience. Sponsorship benefits begin immediately when your company's listing is put on our official website. Visibility increases onsite when your flyers and/or promotional materials are placed in swag bags that are handed out to each person at registration and continues after the convention with increased brand/name recognition and customer loyalty. There are additional opportunities to promote your company with each different level of sponsorship including (but not limited to) advertisements in our program book, banners placed onsite, web links and discounts on dealer booth rentals. You get to choose the level which fits your needs the best.

Why we do what we do:

Our goal is to bring gamers together with companies that offer high quality products and services. We believe that goal is an important part of any game convention. We hope that you agree and will join us as we make Total Confusion a great experience for everyone.

What is the next step:

Please take a look at the enclosed listings for all our sponsorship levels and choose one that is right for your needs. Then fill out the enclosed application, send it in and begin to receive all the benefits that our direct marketing sponsorship will bring to your company. The staff is here to help you through any stage of the process so please don't hesitate to contact us at any time. The contact information is listed on page four. Thank you, in advance, for taking the time to consider Total Confusion's sponsorship program.
